Dear Becky

I recently assumed the post of President HKAOA and we have now elected our Officers for the coming term. Please find attached an updated list of the HKAOA General Committee Members with their Committee positions effective from 13 September 2005.

I realise that relations between the HKAOA and FAU were rather publicly and negatively affected by various internal political issues that occurred during the term of the last General Committee. I believe that this is extremely unfortunate because, of all Cathay Pacific staff groupings, the members of the HKAOA and FAU have the greatest number of shared interests and concerns.

I do not think I would be doing the HKAOA a service if I continued to allow past issues to obstruct cooperation that may be beneficial to both our organisations in future. Clearly, unity is stronger than division and it is my intention to work with this tenet in mind during my term as President HKAOA.

Accordingly, I would be happy to hear from you if there are any issues you would like to discuss.

Yours sincerely
